Seating is limited; RSVP required by calling 739-3780.

Marian Cancer Center

A member of CHW

■ Author Beverly Kirkhart learned she had breast cancer in 1993. She found as a support to medical treatments, her greatest resource for turning this setback into a comeback was writing daily in her journal. This became the inspiration behind her book, *My Healing Companion*. Compliments of Roche Laboratories, Inc., a *My Healing Companion* book will be handed out and our guest speaker will be signing autograph copies. Refreshments served.
